**CNAP Conference at Lasell, Cape Cod Community and Berkshire Community Colleges
March 29th, 2019**

Last Friday, RNN was well represented at the 3rd annual CNAP Conference held at Lasell College with remote locations at both Berkshire & Cape Cod Community Colleges. Tom Mottl is Executive Director and Founder of CNAP Alliance (Community Networks for Aging in Place Alliance) a 501-C-3 nonprofit organization and also moderated this informative “Workshop on Models for Aging in Community.” The quote of the day was “when you’ve seen one Village, you’ve seen one Village.” There are certainly commonalities across all villages, as they all support members' desire to age in place. There are, however, different models through which this goal is being accomplished. Some Villages have paid administrators and charge annual dues of \$600 & up. Others (like RNN) are all-volunteer groups with dues of \$25-\$35. Some seem to emphasize socialization and activities whereas other Villages prioritize getting services to their members, especially support for transportation needs. We, of course, are very proud of Tom and our RNN based technical crew of Paul Scharr, Peter Carcia, Mike Coltman and Steve Baumgartner who worked long and hard mastering the Zoom video conferencing technology that provided the visual and auditory connections between the three locations of Newton, Cape Cod and the Berkshires. Our own David Maroney was the photographer for the event, Kudos to all.
